Vice President, Academic Affairs

Resource Development Committee

Peg Beck          Bonnie Hesselberg         Idelia Phillips
Donald Bowman    Cindy Hunter            Carol Probstfeld
George Cubberly  Karen Kester           John Rosen
Bradley Davis    Michael Mears           Daisy Vulovich
Karen Goldstein  Helen Meyer             Darlene Wedler-Johnson

Made up of representatives from all four College divisions, the Resource Development Committee (RDC) meets monthly to facilitate the generation of ideas, the prioritization and approval of potential projects, collaboration across College units and the development of enduring connections with external partners.

Institutional Review Board Task Force

Peg Beck          Bonnie Hesselberg         Idelia Phillips
Susan Brown       Cheri Kittrell           Bradley Sarchet
Jim Carraway      MariLynn Lewy           Daisy Vulovich
Bradley Davis     Su-hua Men              

Institutions applying for federal funding are now required to have an Institutional Review Board (IRB) in place at the time that a grant application is submitted. This task force, made up of a cross-section of MCC divisions, is developing proposed IRB policies and procedures and the Board of Trustees (BOT) rule that will be submitted to senior leadership later in the spring, with required BOT action thereafter.
The Resource Development Department and the Resource Development Committee are grateful to all those who have supported grant program development, enhancement, administration and expansion.

Several faculty and staff members have become involved with proposal development for the first time in 2007. Their efforts have led to increased grant funding to support programs benefiting MCC’s academic and institutional initiatives.

Thank you very much for what you have contributed to this critical process. We hope that you will urge your colleagues to join the important undertaking of procuring external funding to support MCC’s mission and strategic priorities.

**Bradley W. Davis**  
Director, Resource Development
