Created for working adults who want or need a college degree, SCF's Weekend College allows you to earn an Associate in Arts degree taking only weekend classes. You'll finish your degree in two years and have the option to continue in one of SCF's bachelor's degree programs or be eligible for guaranteed transfer to any Florida public university.

How does the weekend college work?

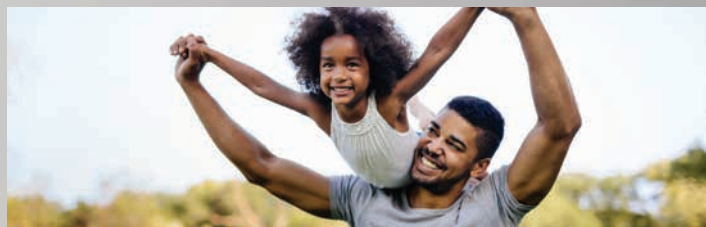

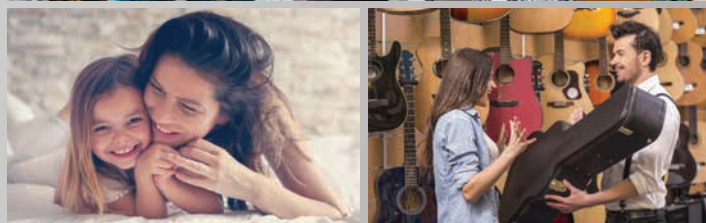

Classes are offered Friday night, Saturday or online in face-to-face, blended or fully online formats. The program consists of three terms each year with classes lasting 8, 12 or 16 weeks. You'll take three or four classes each term that meet the College's core general education requirements and the electives needed for a transferable associate degree. Students taking the full course load will graduate in two years, but you can take more time if you need it.

What are the requirements for admission?

Weekend College is designed for college-ready, working adults who have a high school diploma or GED. Individuals who have not previously taken a placement test (SAT, ACT or PERT) may benefit from taking the PERT exam at SCF to determine college-readiness.
